

One Time Temporary Needs

Bonnie has a water filter she would like installed. Should be a very simple job. She lives in downtown Bellingham.

Edda needs some weeds pulled from her gravel driveway. She lives near South Lake Samish.

Kevin and his wife live in Maple Falls. They aren't able to move around some furniture to make it more accessible. Call Chore if you can help for an hour or two.

Audrey needs a tutor for her laptop. It is a Mac.

Mary has a railing that needs to be built to make her stairs safe indoors.

Lorraine needs a door frame fixed after the paramedics had to bust it open. She would also appreciate help with weed whacking, though she doesn't have a weedeater. She lives in Everson.

Maureen and Stephen are seniors in need of pressure washing for their mobile home. They have a pressure washer.

Anna lives in Fairhaven, and is in need for someone to trim down her rhododendron bush. She has a ladder and trimmer.

Alice is a Fairhaven neighbor with a housing inspection on 6/26. She has a small apartment, but needs help cleaning and organizing a little beforehand.

Susan needs to be in Seattle anytime on July 7th. She is undergoing surgery the next day at Swedish Medical on Cherry Hill. Please call if you can assist. A return trip home is most crucial on July 9th.

Joan would appreciate a volunteer to clean her small porch. She will provide materials. She is also looking for someone with a scythe to cut down some Queen Anne's Lace weeds.

On-going cleaning help is needed in all neighborhoods this summer! Please contact the Chore Program if you would like to be matched with a senior to do minor upkeep on their home. Thank you! (360) 734-3055 or chore@whatcomvolunteer.org
